## *Right Here With Our Yearbook!*

Changes echoed throughout our school microcosim (smaller version of the universe) and the world. This year changes rippled through the school rapidly and unexpectedly. Changes like our new principal Mr. Yaniw, the loss of our aerobics program and new vending machines in the hallways. Mr. Yaniw caused all manner of changes in the school. The new school logo on the wall which greeted us as we walked in the front door is an excellent example, as was the weekly draw for the Lion's Pride Award's with, of course the "Surprise Me I've Got a Sense of Humour" assemblies at the end of each month.

As our school pride continued to grow, approximately seven hundred thirty students enrolled in our school. The 99% well behaved majority that Mr. Yaniw and all the rest of us were so proud of continued to show their pride all year long. (By the way that works out to about a

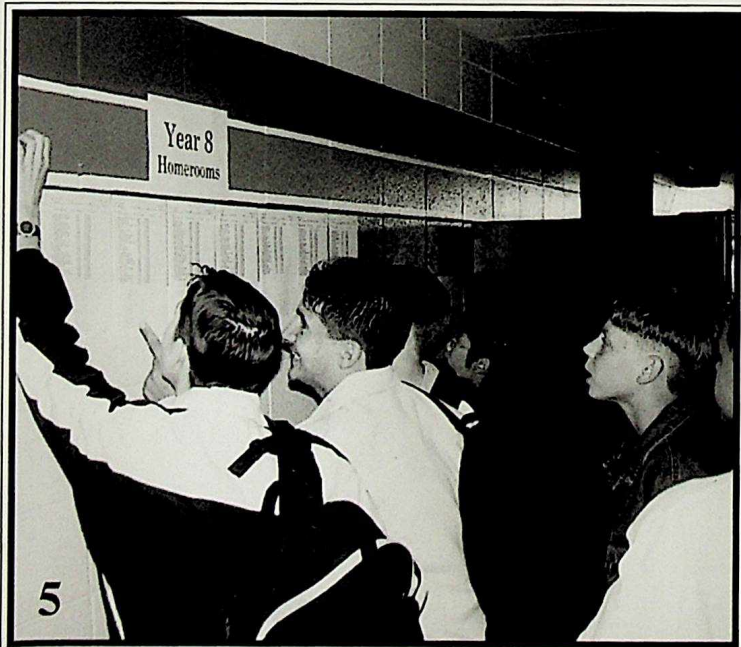

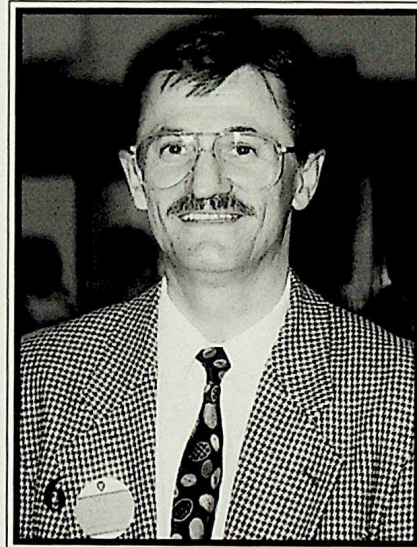

maximum of 7.3 students miss behaving on any one day).

Changes around the world included Princess Dianna's death, Mother Teresa's death and Quebec getting put on ice from a natural disaster. Added to the list there were the incredible fires in northern and western Alberta.

Now in this fast pace, certain things never change, for example showing how kind we are to the rest of the city by performing Community Service to the general public and any other innocent passers by. On top of that there is also our unflagging attention to minor details

to such a that the point that the larger ones can sneak up from behind and pounce on you. Much like that large assignments that always are assigned the day you are out sick with the flu.

So this is the point where you look at the pictures and then what you do is you turn the page. Not that hard or complex, and you've got to be bright. You bought the book.

# SEPTEMBER

## Back To Roaring September

Kristina Shum

**W**ow back to school already? On the first day of school, grades 7's, 8's, and 9's were very excited, seeing new and old friends, meeting teachers, and ready for detention. However, we have the new comers, the future grade eights and nines. Their beginning of their junior life, the grade sevens, they were pretty nervous, eventually some got lost too, but don't worry, we had some pretty awesome teachers who guides every student there is.

Starting off our school year we had Picture Day! Wow, did everyone looked handsome and pretty. Then came the soccer team, did they give our school spirit a kick. The girls' soccer team was a blast, they came home with the gold, being the zone's champions. Well, they made it to the city quarter final, but were defeated by Ottwell. The boys soccer team was a killer, they were the zones champions, what a soccer kicker.

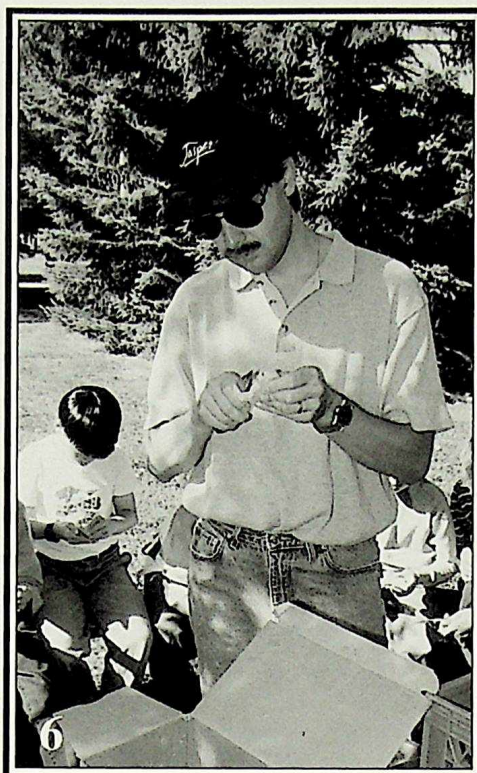

Every year in Londonderry Jr. High, we have our annual Grade 7 Camp at Pigeon Lake. Over 230 students attended the three day camp that included many enjoyable and interesting activities as well an opportunity for students to meet and make new friends.

5

6

To welcome all the new students and the old, we had a Welcome Back B.B.Q. We had nearly 1800 hamburgers given out to students, teachers, and some special people, such as Gary Mar, Minister of Education, who also helped us out, Ed Gibbons, our MLA, and City Counsellor Rose Rosen Burger.

At the end of the month of September, the girls were ready to spike, bump, and set. It was the start of Volleyball season, about 90 girls tried out for the team, giving Mrs. Gibbons a hard time to choose.

It was a real blast in the month of September.

# OCTOBER

## ROARY WEEK!

Kristian Rambaransingh

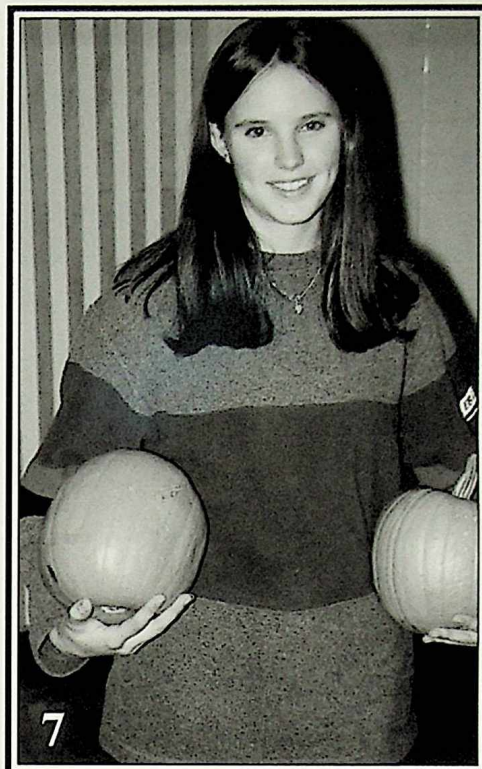

October was a busy month. It started off with "Roary Week", which was designed to get our school mascot, Roary, more popular with our students. We had a "hunt" for pictures of Roary. Also Roary walked through the hall and interacted with the students. During the middle of the month, there was a Coats for Kids drive. This brought in many warm jackets for needy families around Edmonton. Around Halloween we had many fun activities that included a mummy wrap, pumpkin relay, and a Halloween dance that were all successful and fun. We had our fall awards day which was a great success. We proudly honoured the academic excellence of over 200 students. Then we had our Turkey Trot, which was great fun! In grade seven the first place winner were Jennifer O'Coin and Stephen Jmioff. In grade eight it was Alisha Motan and Iqbal Sandu. For the grade nine's it was Jackie Mitchell and Lee Graham. October was a fun-filled, exciting month.

# NOVEMBER

## What a Season!

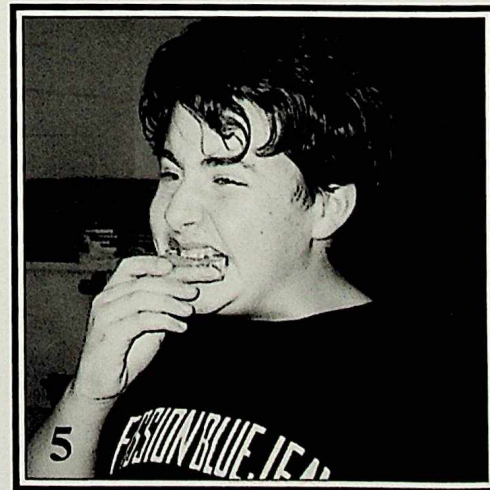

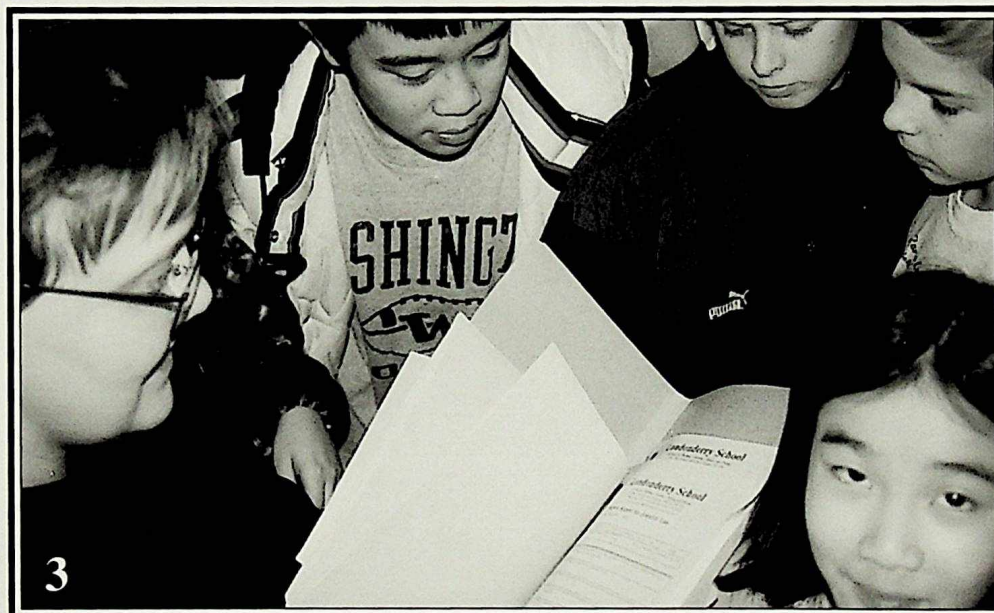

Elia Fong

**N**ovember, the month of the first report card, and of course Remembrance Day. On the eleventh of November, our school paid tribute to those brave Canadian men and women who laid down their lives to protect the rights and freedoms of all Canadians.

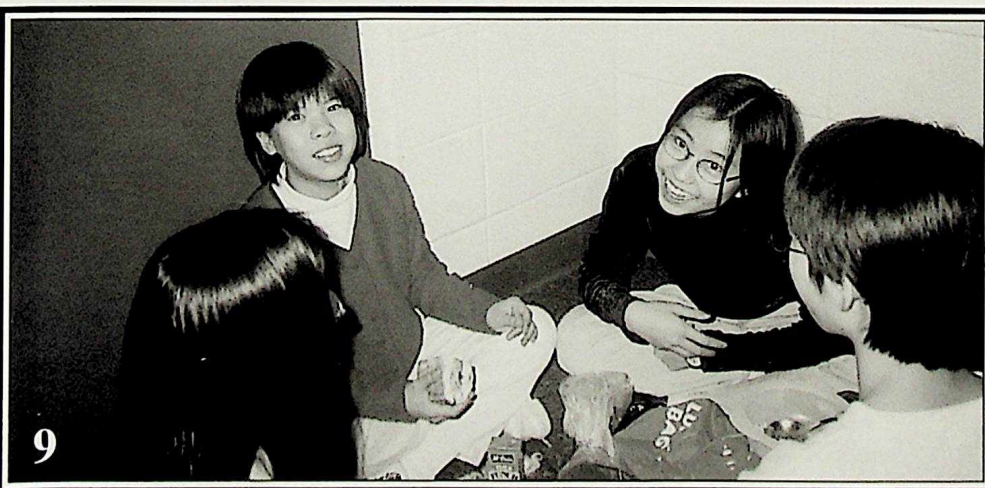

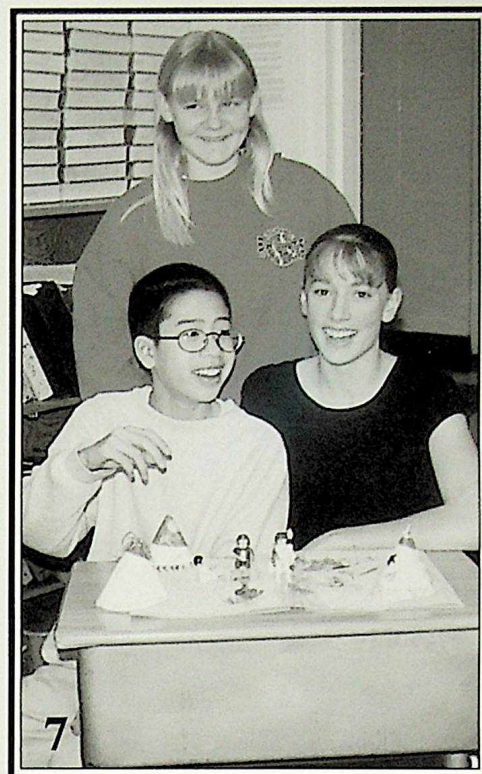

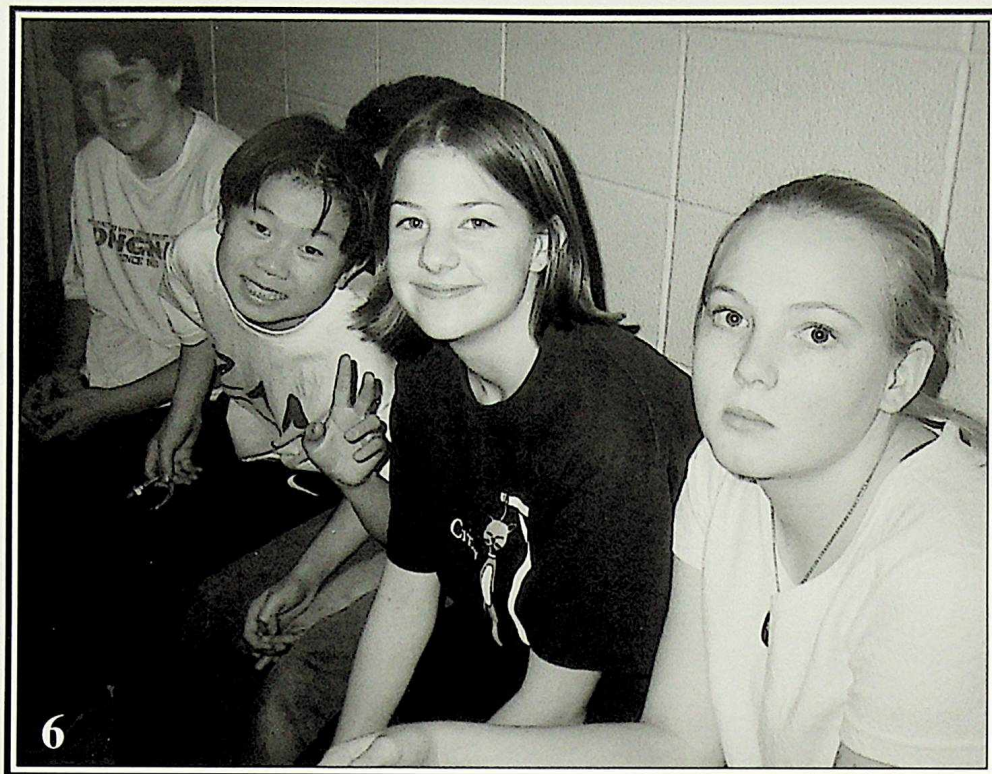

What a season for the Sr. Girls Volleyball team. They had the best record of the season, with only 7 wins and 1 loss. The girls came out to be their division champions and the City Champions. Special Recognition goes out to Maja Gligorevic who was the City Playoff MVP.

The Boys Sr. Team had a very successful season. They finished second in their Division Final. Congratulations to both teams.

Every year, we have our Volleyball Intramurals, good job to everyone. Also, our school has our annual Penny Drive for the the unfortunates. Thanks to all you students out there, our school have raised approximately \$2000. Good job pride.

# DECEMBER

## Marched through the cold!

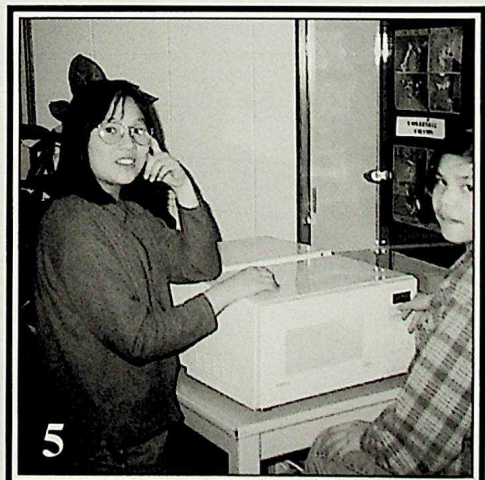

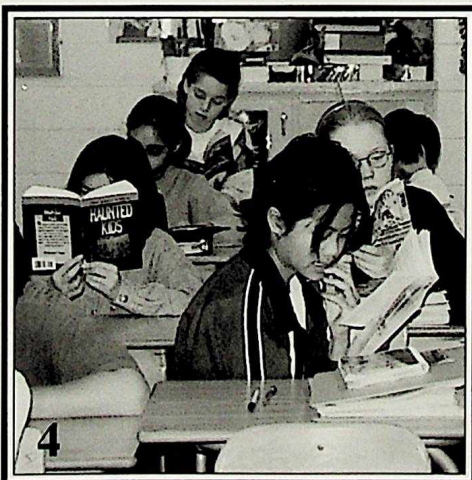

Jesse Goodman

**H**o Ho Ho, Merry Christmas! This is the phrase Jolly Old Saint Nick uses when flying overhead in his 9 reindeer-power sled, delivering toys to all the good girls and boys (...coal to the bad ones). 'Tis the season to be jolly, spend money, and shovel snow off your driveway. Deck the halls (or maybe the other late December shoppers in them), and remember Frosty the Snowman (Yeah, He melted in the spring).

This is a band heavy month, in only 1 week they have 2 concerts, and on a Monday and a Tuesday. The poor band members marched through the cold to play for a group of "Wee Folk" and then marched back through the cold. The Tuesday concert went without an incident.

The Student Council held the Food Bank Drive in the first week of December, and the Candy Grams in the second. The students at Londonderry gave a lot of food, and the bank, Londonderry gave so much that the food bank people had to make two trips, compared to the other 4 or 5 schools in one trip. Candy Grams as always were a big success. For 25 cents per candy cane, you can send friends, specific others, and teachers highly sugary bribes. Everyday after sales, the student council came in and tied cards to canes.

The Christmas breakfast was on the last day of school (19th), this was from 7-9 o'clock in the morning (way too early for me). Pastries, fresh fruit, and drinks were offered to the crowd (the gym was packed). We barely had any school that day because, from 9 o'clock, till lunch (3 classes) was all we had (Yahoo). After lunch we had our Christmas dance, till 3:15 as usual, then went home and didn't come back till January 5th.

# JANUARY

## Happy New Year!

Kathleen Ong

In this month students were busy in the gym. The social dance contest was held on January 30 where all the students from each class complete with each other in their own grades. There were great prizes being handed out for unique individual students. For the homeroom intermurals this month, the penny drive was held. All the money collected was given to different charities. The senior girls basketball team was coached by Mrs. Gibbons. Even though they have only just begun their season, they are playing very well so far. The senior boys basketball team was coached by Mr. Thorpe, Mr. Buchynski, and Mr. Pothier. This year there is a tier 1 and tier 2 basketball teams which will represent Londonderry School. They have had very successful games so far.

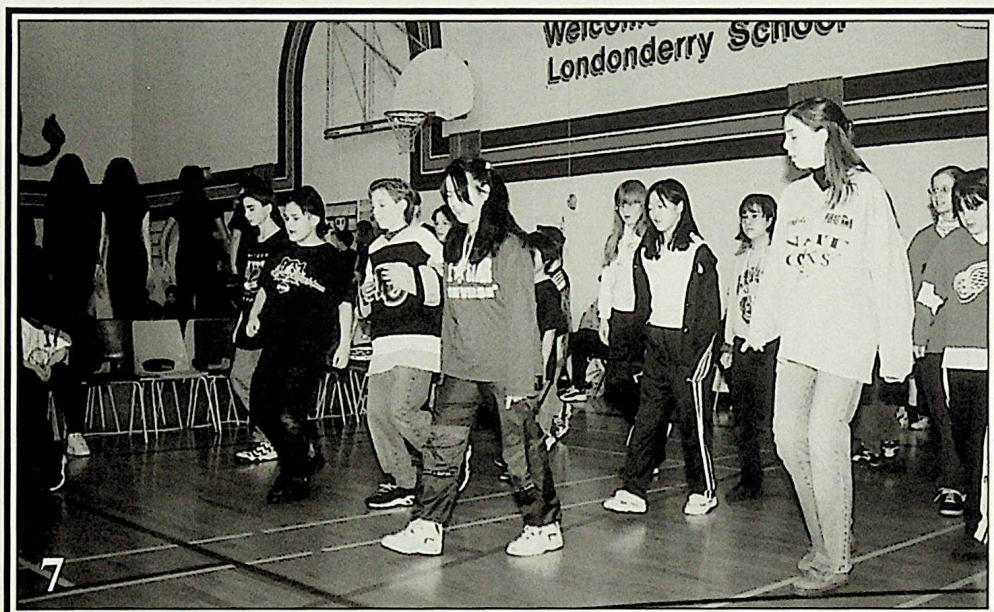

In drama this month, the students performing in "Shrunken Heads", will be getting their chance to act in the production in late January to early February.

We had pyjama day the last school day before mid-terms, to relax everyone for the tests. Many students dressed up in there pyjamas

In band, the annual wake-a-thon will be on it's way soon. Students are to gather pledges and stay up all night to raise funds for band trips. Band students are also going to be performing at the Winspear Centre very soon. As you can see the new year has come in with a big BANG! So sit back and enjoy the new year.

# FEBRUARY

## Love In The Air!

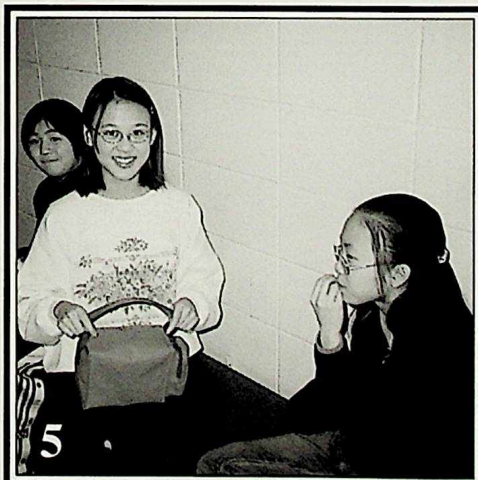

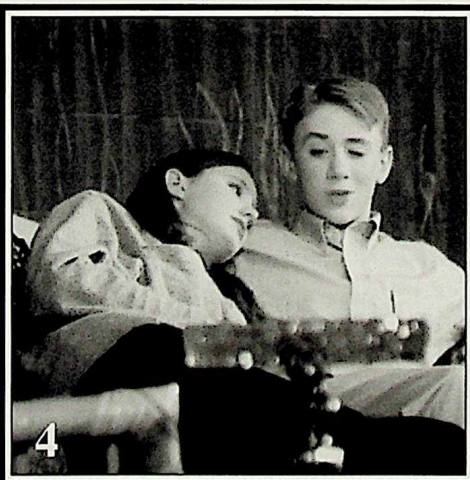

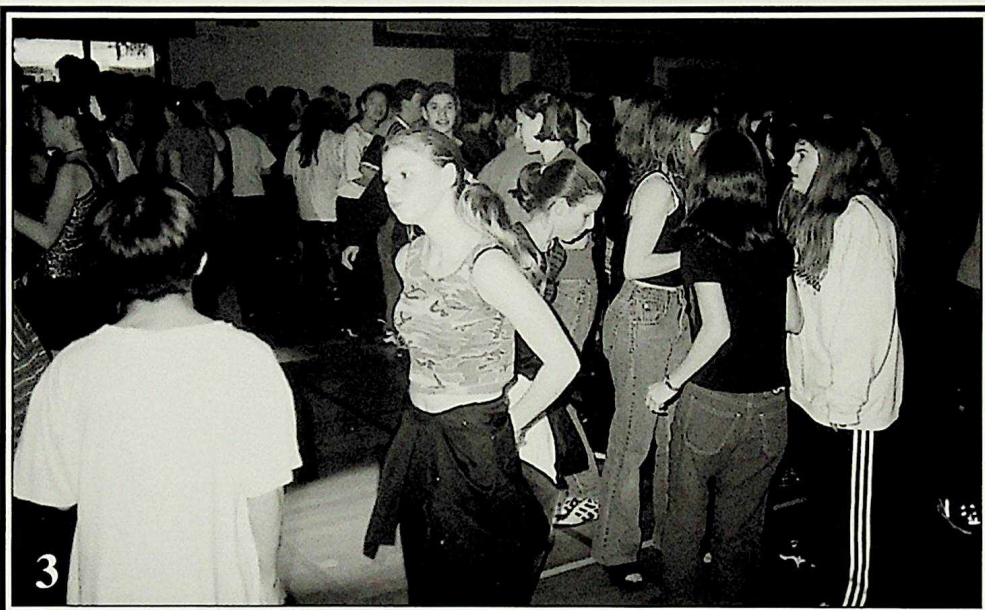

Derek Wyman

**F**ebruary, Ah... the month of love, well as some may say.

This month, we held the annual Computer Cupid Sales, and gave the profits to the Alberta Heart and Stroke Fund. We thank all who bought them, as it was going to a good cause.

Also this month, we had the performances of the "Shrunken Heads". This play, Directed by McCulloch Spielberg, starred Angela Ash, Scott Matheson, Stevie Jaenen, Kandice Laurie, Cynthia Leach, and Andrew Shum. All the performances were sold out (one performance didn't have many people, so it was cancelled, and they went to another performance).

The Senior Boy's basketball team is two thirds of the way into the season. The two teams are playing very competitive basketball. The girls, well, they're just doing GREAT!!! They are still undefeated in all they're games so far this season. They are also preparing for the playoffs coming soon!

In February, the boys just did badminton and other racquet sports, and the girls did Aquatic games at Londonderry pool, and Gymnastics at M.E. LaZerte. I know that badminton is one of my favourite sports, and I always look forward to it.

This month we also started organizing another play, called "Class Dismissed." It's about a stressed out teacher who takes his class hostage because his wife left him. Some of his students are bringing guns to school, and one of his students isn't listening to him. This will be directed by Kunal Nand, Assisted by Derek Wyman, and helped by Mrs. McCulloch.

# MARCH

## QUICK as the Wind!

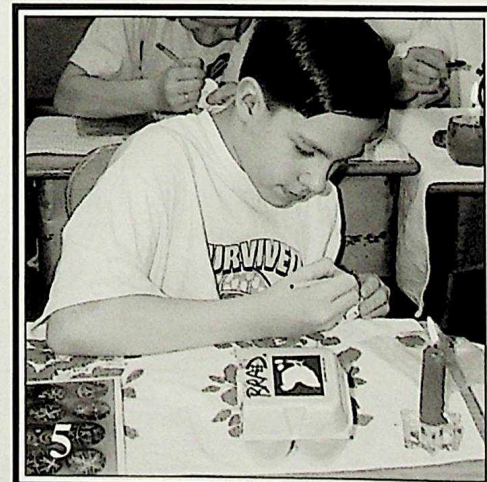

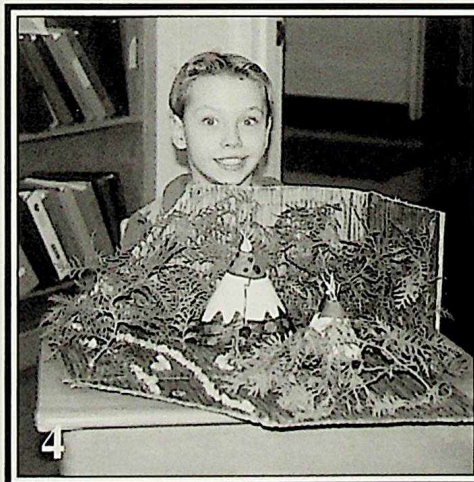

Elia Fong

This month flew by so quickly! There have been many great activities held by Student Council. We had a basketball shoot-out held with the help of Mr. Thorpe. Also this month we held a Pie Eating Contest, with Kendall Fulfit, Miranda Wilson, and Eli Chaykowski coming in first place for the fastest eater. We have Dennis Schultz being the best regurgitator.

Every year in the month of March, all school's have an Open House. On March 24, our school held an Open House. We had some competition in the gym. Relay's, shooting baskets, and throwing a football through a hoop.

From the band program, Mrs. Wedler and her students attended the Wake-a-Thon, which raised about \$1,600.

The physical education department has always been there for us when we're bored. this month they held Sideline Basketball. This year's champions were 708, 809, and 905!

The Senior Girls basketball team were the champions in a tournament at Eastglen School where they defeated J.D. Bracco in the tournament final. The Girls were undefeated in their regular season, and came out to be the zone champions.

Tier 1 Boys' basketball ended their season early, but the Tier 2 Boys' basketball team made it to the playoffs, unfortunately, they didn't make it to the cities.

When we came close to Spring Break, teachers all over Edmonton were about to have the "Work to Rule" system, which all students were worried about their extra curricular activities

Spring Break ended the month of March, and everyone was excited about their big holiday.

## Spring Flowers!

Kristian Rambaransingh

Spring, flowers, trees, butterflies, oh yeah and the pressures of school. During the first week back from spring break we had the Annual Spring Dance. The people from Kapers were our D.J. service and the dance was a definite success. The grade 8 and 9 band students went on a trip to Abbotsford B.C. The students had fun seeing the sights and running into some trouble, which is their secret (but not any more!). Some of our talented French students went on a trip to France. They had fun seeing the sights and learning about the culture and how people live. Just remember spring, the time for flowers, trees, butterflies and the pressures of school.

## Koubassa Cup at Londonderry!

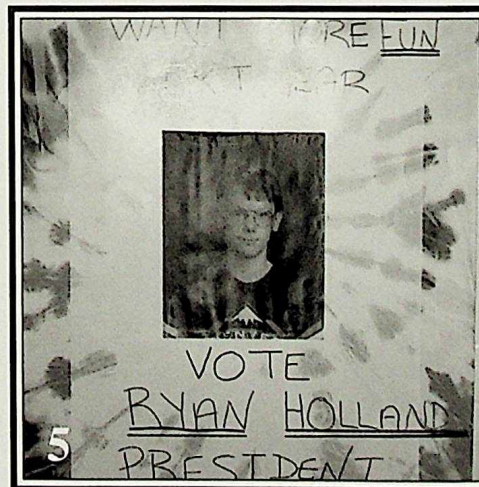

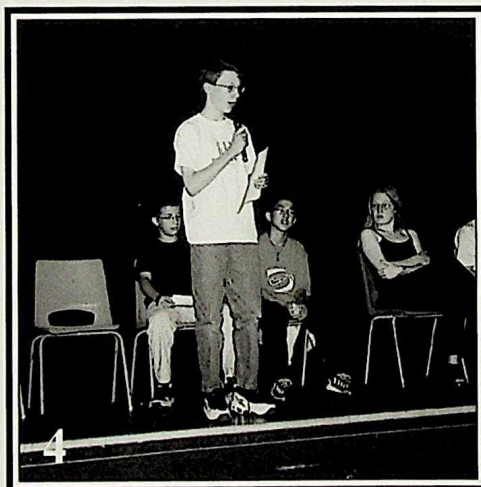

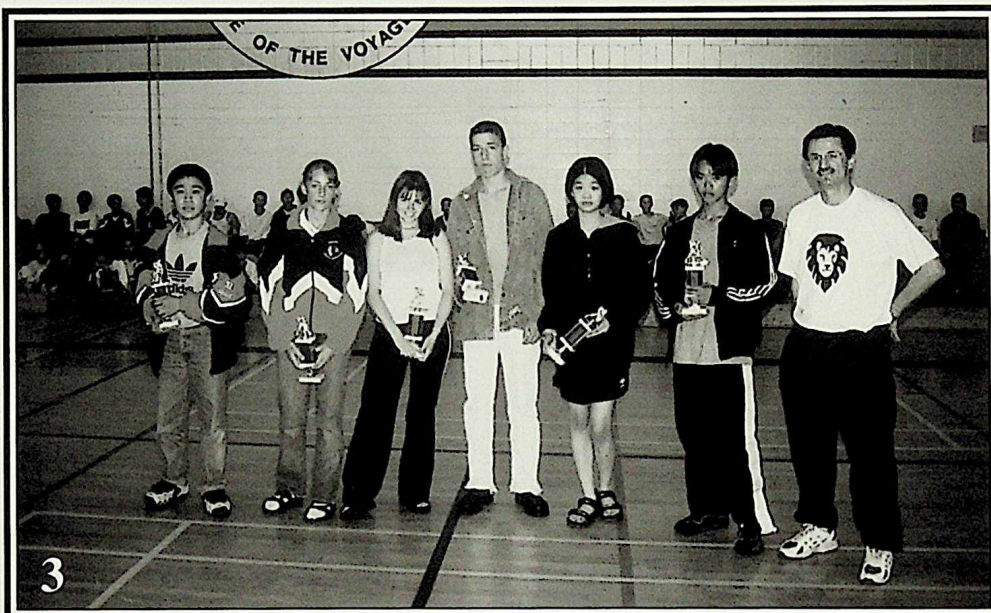

Lachlan Bakker

**D**a, da, da da da. Da, da, da da da. it's hockey time. Yes this was the beginning of the time of Yaniv of Announcership. He, who has great predictions and reports educated the populace on who beat who yesterday at the game. His voice started it at the assembly.

Only nineteen days of school were in this month. This was thanks to the non-instructional Monday, followed up quickly by Victoria Day. Long live the Queen's Holiday!

The Grade Nines wrote an exam of the Language Arts, however making the multiple guess... I mean choice sheets have a pretty diamond pattern was almost certainly not a good idea for your mark. Always remember, when in doubt guess. Blowing noise. "Come on baby daddy needs a ninety!" Dice rolling.

This was also the month of the drama production that wasn't. Thanks to the labour problems between the government and the teachers. We lost plays and all manner of other fun things that our teachers run themselves ragged over to produce. Oh well, there is always the next crazed and unplanned event to witness.

There was a Grade Eight math contest. It warms your heart to think that no matter what, there is always some one who is working themselves to the bone. Whether it's back breaking labour or marking tests until you can't see anything but light and dark, work is a fascinating activity. You can watch it for hours.

On the growing list of cancelled activities there was also to be a track meet. This as you probably know is where people run in circles as quickly as they can until they reach the end or the collapse and are so dizzy they throw up.

Oh the multitude of events that can not be written about and all the text which must be made up to fill the page. Normally there would be statistics or at least who won the race (if we won that is) but here what is written is gossiping about how there is nothing to write!

# JUNE

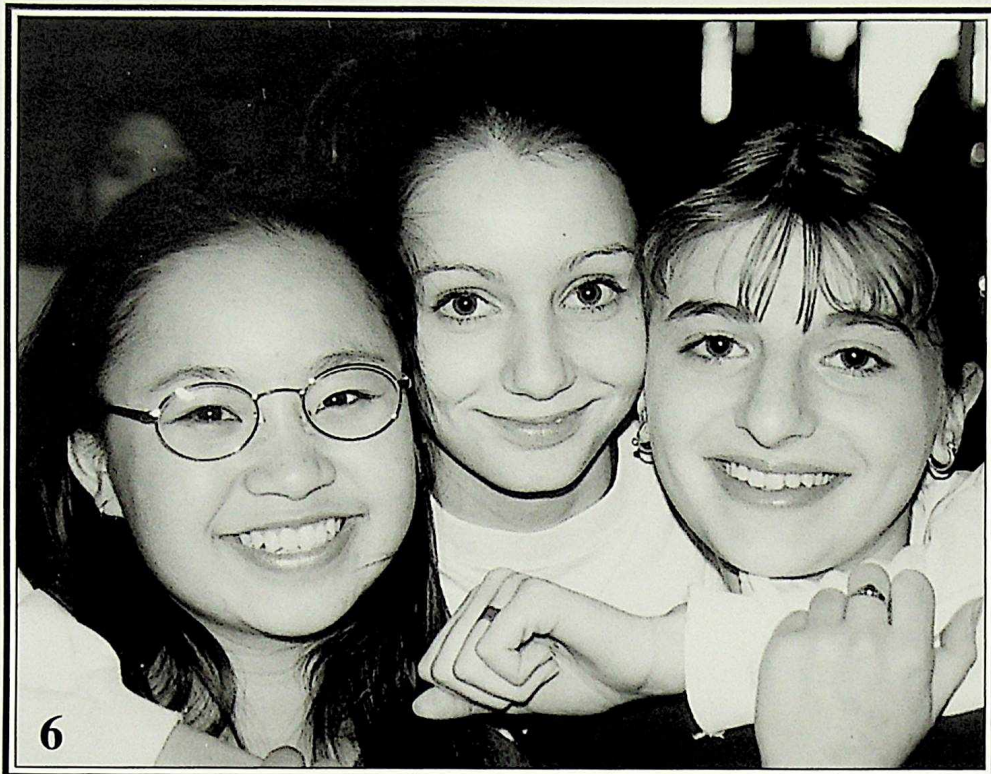

## At Last!

Chad Huculak

At last June came along. Every student had the feeling of June being the last month of school but the students still concentrated on their work. On the 7th, the Londonderry Band showed off their skills at their spring band concert on the 2nd. Those who seen it greatly enjoyed it. For the student council's last big event, they put on the end of the year dancer on the 12th. The dance was spectacular, with a great light-show, super d-j, and excellent music. The students danced till they fell down tired but they did it all for fun. If you looked through all the fun and activities June had to offer, you saw the Final exams. Students were busy at home, studying for the finals, wanting to do extremely well. Londonderry held its last assembly on the 19th and 22nd. On the 25th, Londonderry had its second annual Activity day where students got to choose the activity they wanted to do, such as golfing, bicycling and shopping to name a few. On the 26th came the tearful grade 9 farewell which was the last hurrah for the Londonderry students. After all that, came report card day on the 29th. It was a pretty sad month, since most of the grade 9's were leaving but the month of June served as a reminder of how great a school like Londonderry is.

# Kittens

First year at a new school,  
Londonderry School,  
New Teachers, New Students,  
New Classes, New Rules.

But, don't despair,  
things are O.K.,  
The students are friendly,  
the teachers all care,  
The classes are useful (sometimes even  
fun),  
the rules are fair,  
and you're never alone,  
no matter what you think.

You may feel lonely, or maybe afraid,  
no friends from your old schools,  
New faces wherever you turn,  
but everyone feels that way sometimes,  
and trust those that have gone through it  
before,  
you make new friends, and the feelings  
pass,  
plus, good friends stay friends even over  
distances.

In times when you feel down, feel  
afraid,  
remember the spirit of Londonderry;  
Thinking, Learning, Sharing, Caring.  
If you know this, and live it daily,  
Success is guaranteed.

## The Middle is the best place to be!

With 253 grade 8 students you can't go wrong! Our grade eights are a unique mix of good looks, intelligence, and of course pure fun! Most people would say that being in the middle is "dull". But the middle is without a doubt the very best place to be, the most comfortable spot in the pack. You could say that we are "The Cream of The Cookie!" After all we do "hold things together". As part of the Lions Pride we take it to the extreme to achieve the best. Here at

Londonderry we excel in sports, extra curricular activities, and of course our academics. The grade 8's are caring and respectful. From our excellent teachers and their cool teaching techniques, to our awesome students we definitely carry our name high and proud. So really, to sum it all up, our knowledge is a power unsurpassed, and our personalities are the kindest on the block.

Grade 9.....The last year at Londonderry

## Londonderry Lions

What does it take to be part of Londonderry? What does it take to achieve? How does it feel to be part of a pack? A pack of Lions. Only the students of Londonderry will know...

Grade 9. What can we say except that we've learned a lot during our years working with the wonderful staff as well as with friends too. Over 700 kids to interact with!

Junior High, that means something. The years where we are no longer children, but not quite adults. We have risen from the childish acts and behaviour of an ordinary elementary student, yet still striving to achieve the full maturity of an adult. We have learned many things. Each and everyone of us, lions, we were tested each in his or her own individual way whether it was academically or socially. We have passed. Now after this year, "our grade 9 year", we will take a step ahead. *A step to the unknown. Ahead to a new school. Ahead to a new challenge. Perhaps a new life.* The time we have together; we must cherish it in our hearts and carry it on through out our life. It is our past. Nothing can change that. We look upon the cubs, soon to be the new lions. They look promising in fulfilling the tasks of the "Lion pack". We wish everyone, all staff and students, good luck and good learning as we bid them farewell while we enter a new challenge in our life. A new stage in our life, **High School.**

The girls moved on to the City Semi-finals where they defeated Dan Knott in a low scoring 39-38 game. This lead them to the City final. They played a tough game against Avalon for the City Championship title in their tier but unfortunately they were defeated. **C**ross Country Running - coached by Mr. Thorpe, Mr. Hornland & Ms. Sim  
The Lions Running Team has had a very successful year. Thirty-seven runners qualified for the City Finals that took place on October 15.

## Curling

What a turnout!! Seventeen curlers joined the curling team and worked very hard at learning the skills of curling. The team practiced and played its games at the Thistle Curling Club. Games were played every Tuesday at 4:00 pm. Our first week of competition was on October 21 and our four teams won 2 of 3 games played and won the fourth game by default. The curlers had a lot of fun and that is the number one goal of our team.

# Drama

Jesse Goodman

**D**rama, this is one of the many performing arts here at Londonderry. The other two are Art and Band. But drama is different! It is a way into the soul that very few people ever learn, and even fewer ever master. Mrs. McCulloch is our drama teacher. But she is not a normal teacher, she is a teacher with EXPERIENCE!!! Mrs. McCulloch has been in two professional plays during her time at Londonderry, and who knows how many more before she came. In drama students learn everything you'd ever need to know to be a successful drama performer. We learn motion, improv, movie/commercial making, and much, much more.

# Band

Lachlan Bakker

This year the school band went on even more activities to get members out of school than the past. These enjoyable activities spanned wake-a-thon's to a trip to Abbotsford B.C. but, there came a cost for the fun. Concerts and performances at feeder schools were done to pay for the sight seeing. Not to mention the weekly lunch hour practises that Mrs. Wedler used to iron out bugs in the music and coordinate the split second timing for keeping everyone on task.

The Grade Seven's are the freshest with a few mistakes here and there. Then just you wait, when they move from Kittens to Cubs their musical talent will increase. Of course practise makes puurrfect and two years of practise makes the Nine Lions of the band the true leaders of the pack.

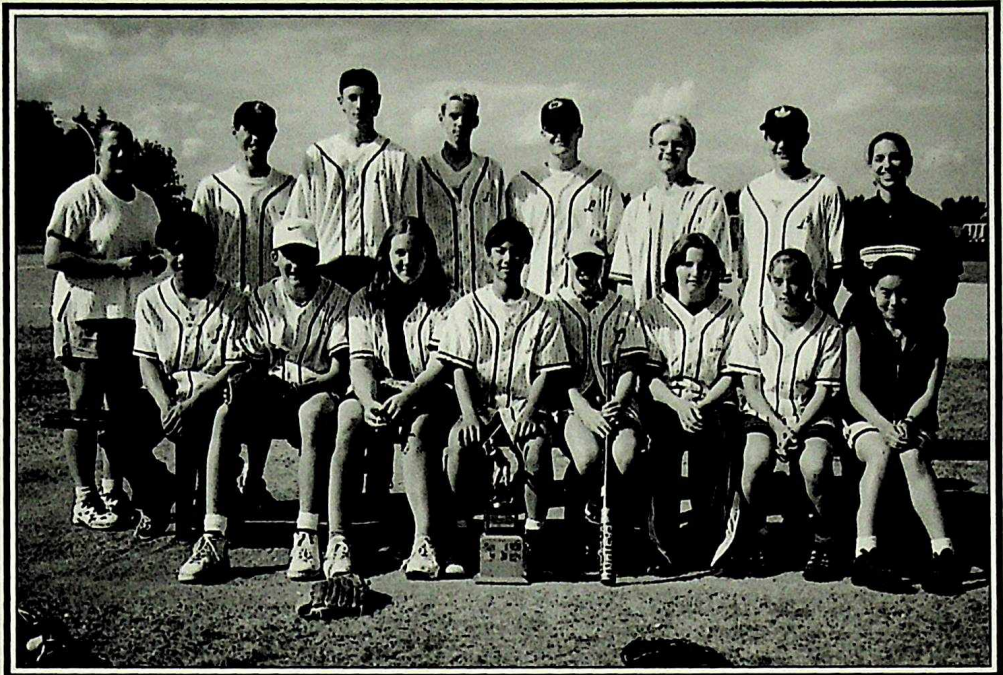

As our work on music progresses from one grade to the another, the dedicated few emerge from the crowd. Those willing to take a stand and play till all hours of the night. They also tend to be the few true wackos in the band.

And so the Grade Nines have said good-bye to their faithful teacher (those of us that passed) and rest easy in the knowledge that there is always another new batch of grade sevens to drive her closer to the brink of total insanity.

# Student Council

Chad Huculak

The Londonderry student council was responsible for all the splendid events we had in our 97/98 school year. The student council consisted of dedicated students who were elected by their fellow peers. The following are the elected members:

Angela Ash-President

Ryan Hollands-Vice President

Trica Ho- Secretary

Russel Dodd-Treasurer

Jesse Goodman-Social Convener

Chad Huculak-Publicity Director

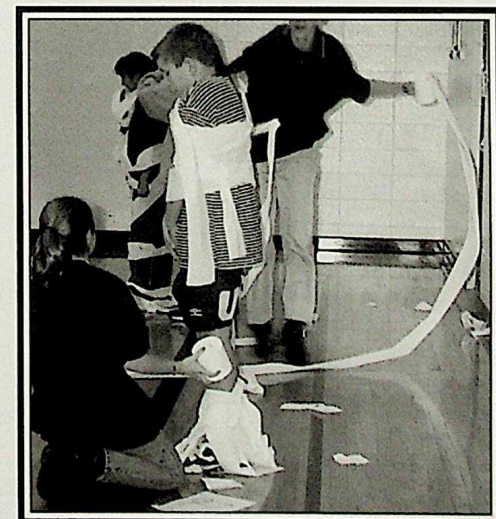

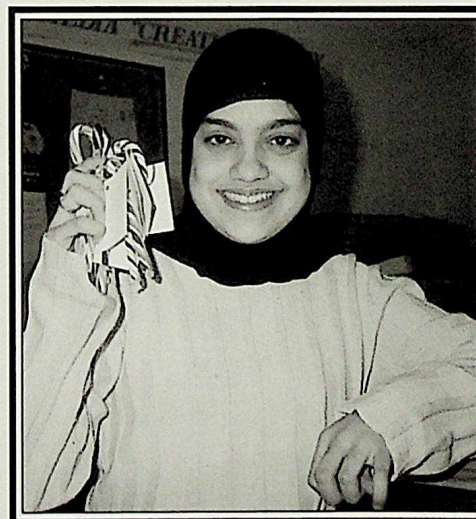

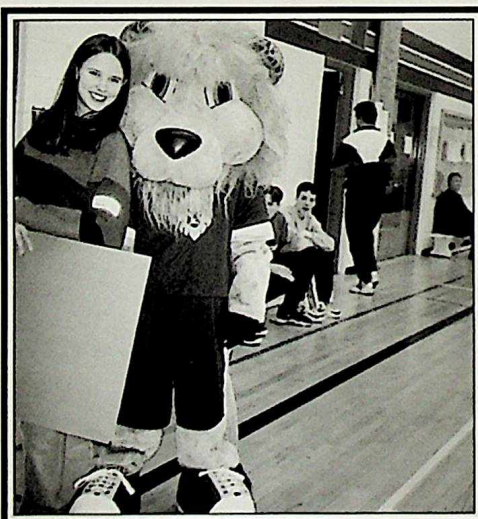

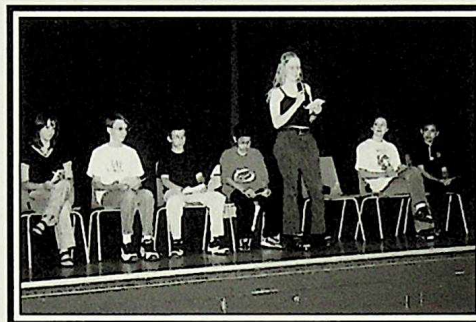

Derek Wyman-Assistant Publicity Director

Lianne Henderson-Grade 9 rep.

Nikki Thompson-Grade 8 rep.

Tyler Hanson-Grade 7 rep.

They have proven themselves to be great organisers through excellent, and creative events such as the pumpkin relay, Valentines day dance, as well as the computer cupids. The very involved students in student council were a great example of Londonderry students' showing pride in everything they do.

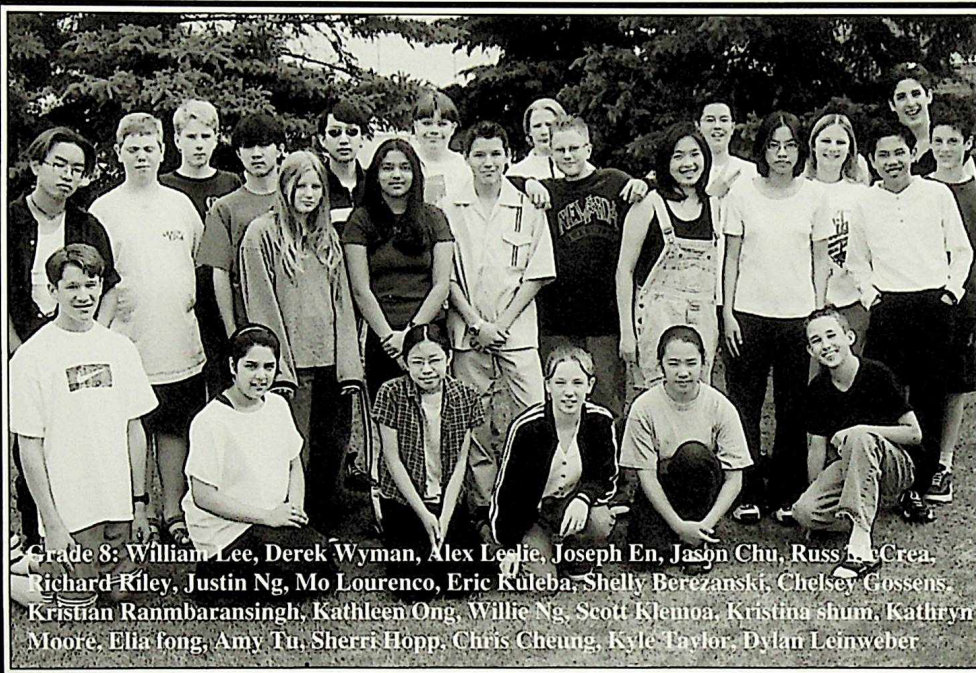

# Yearbook

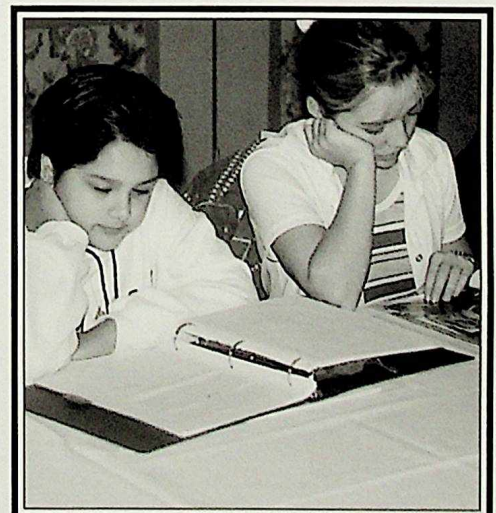

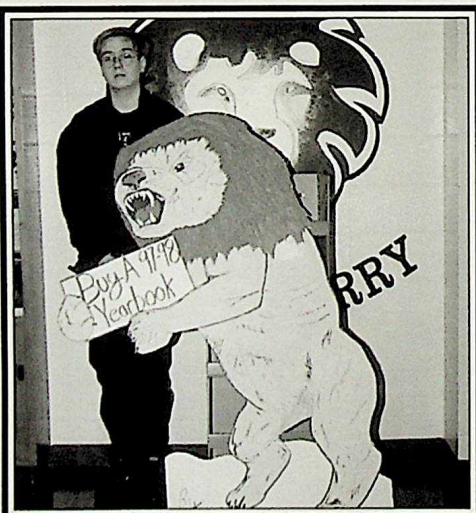

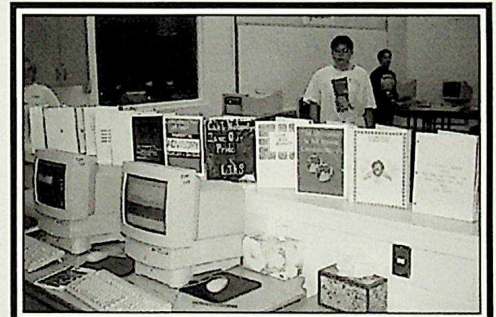

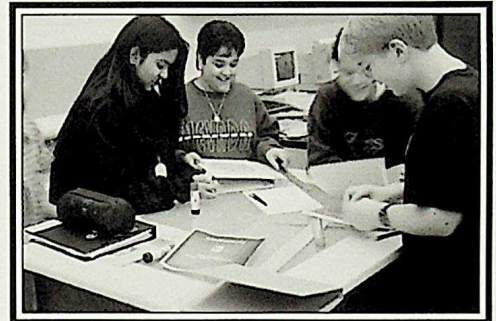

Our grade eight and grade nine CTS Desktop Publishing class instructed by Mr. Antoniuk took on the task of creating our 1998 Lions Pride Yearbook. This book is a collaborative effort of everyone at Londonderry School. ## Missing Our Friendships

Friendship treasured from early years  
 Laughing through good times and crying through  
 fears

The bond so sturdy, it shall not break

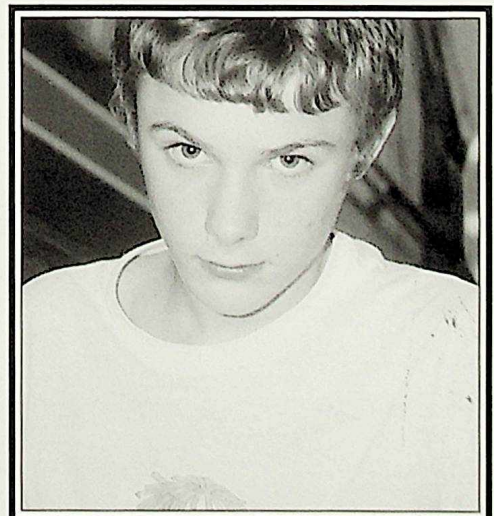

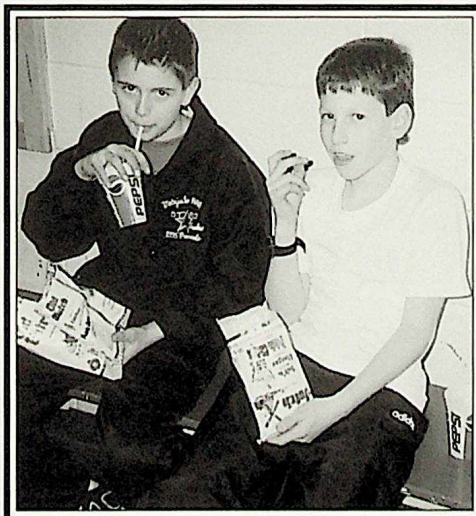

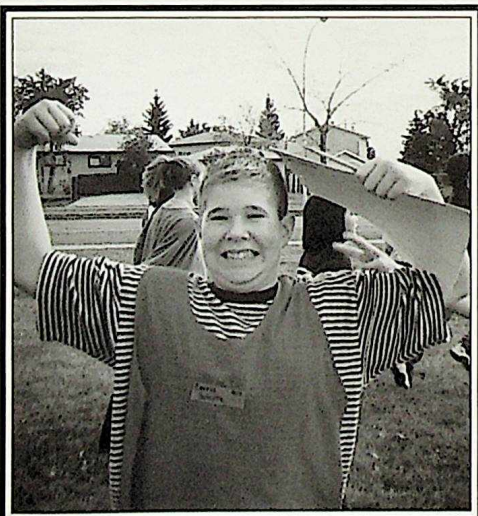

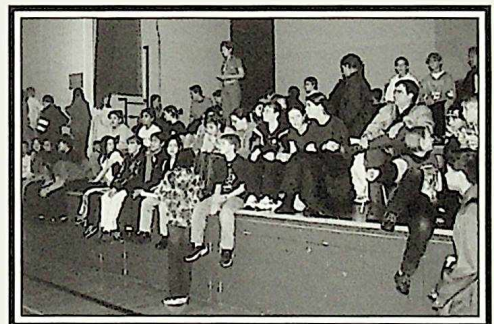

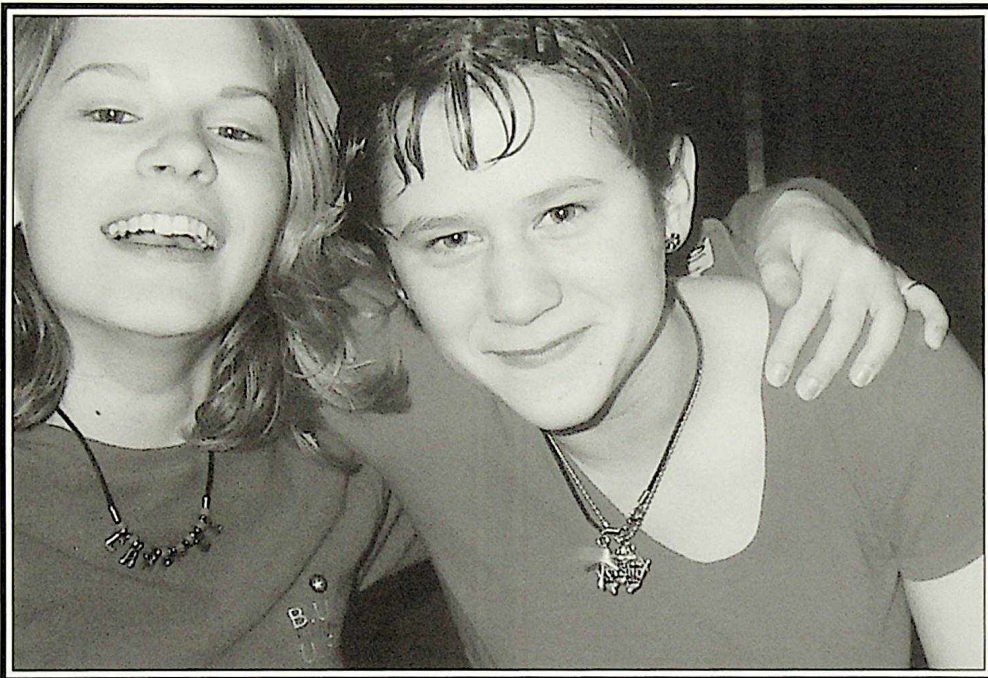

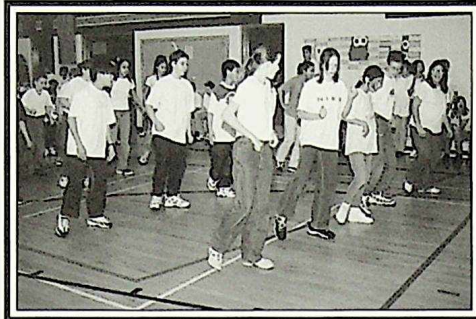

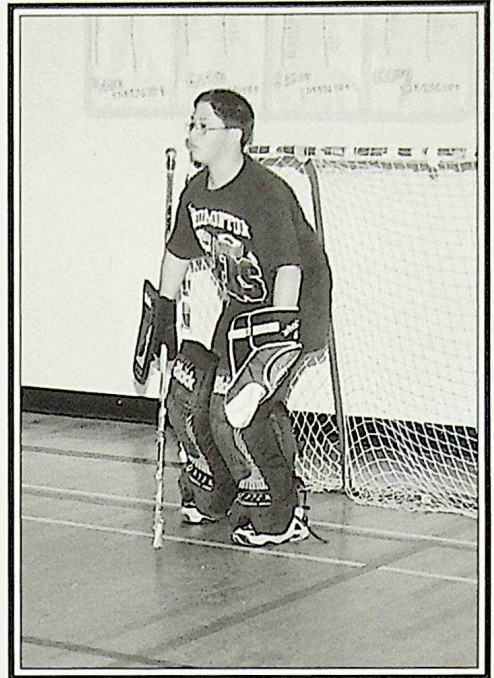

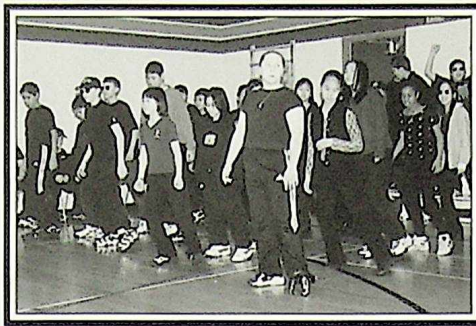

It, with us, we hope to take

As we forge on the road we must travel  
 Our friendship will remain and never unravel  
 stepping out the door, we wave our goodbyes  
 Emotions will flow and no doubt we will cry  
 Tears will be shed when we all depart  
 but special friends shall always remain in our hearts

Tricia Ho

## What is Next

Junior High is now over  
As the school end draws near

Although there is high school  
some friends disappear

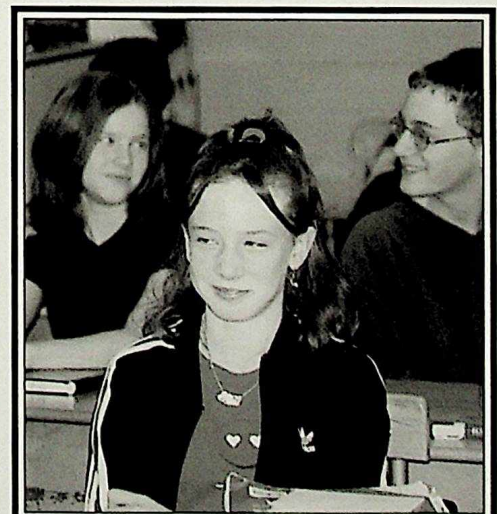

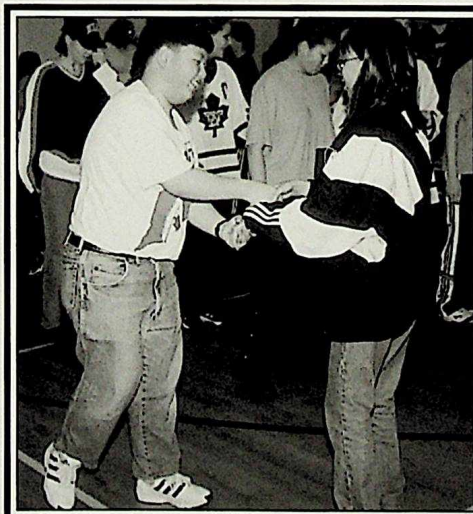

As we all move on  
to new and great things

We are unaware  
of what our future brings

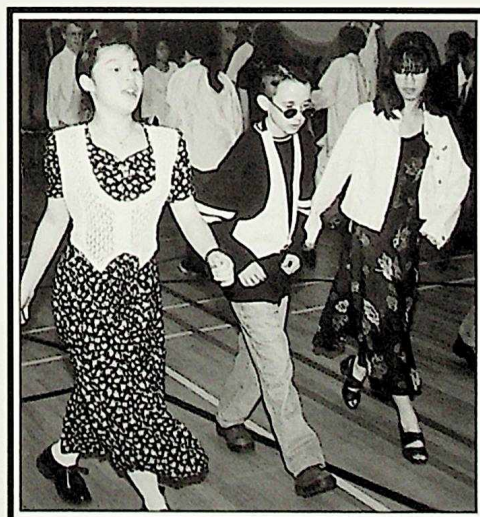

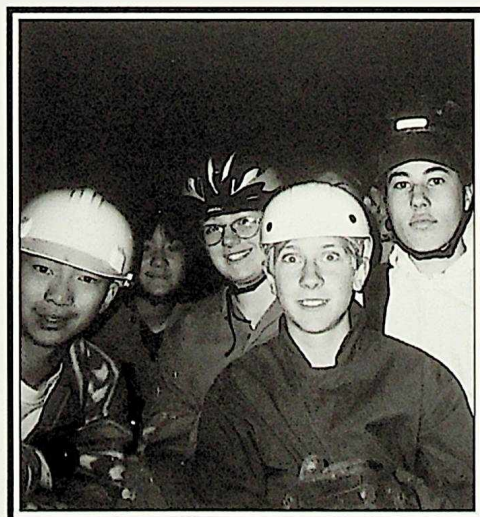

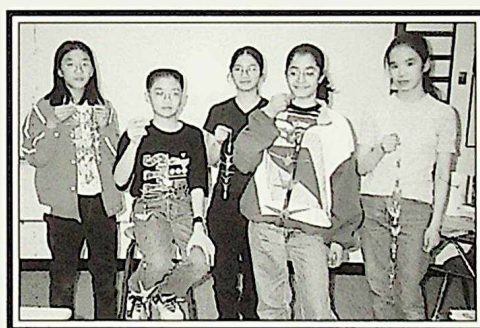

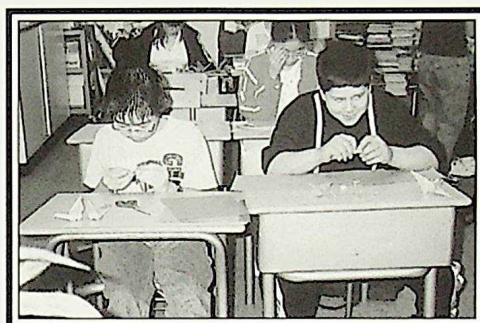

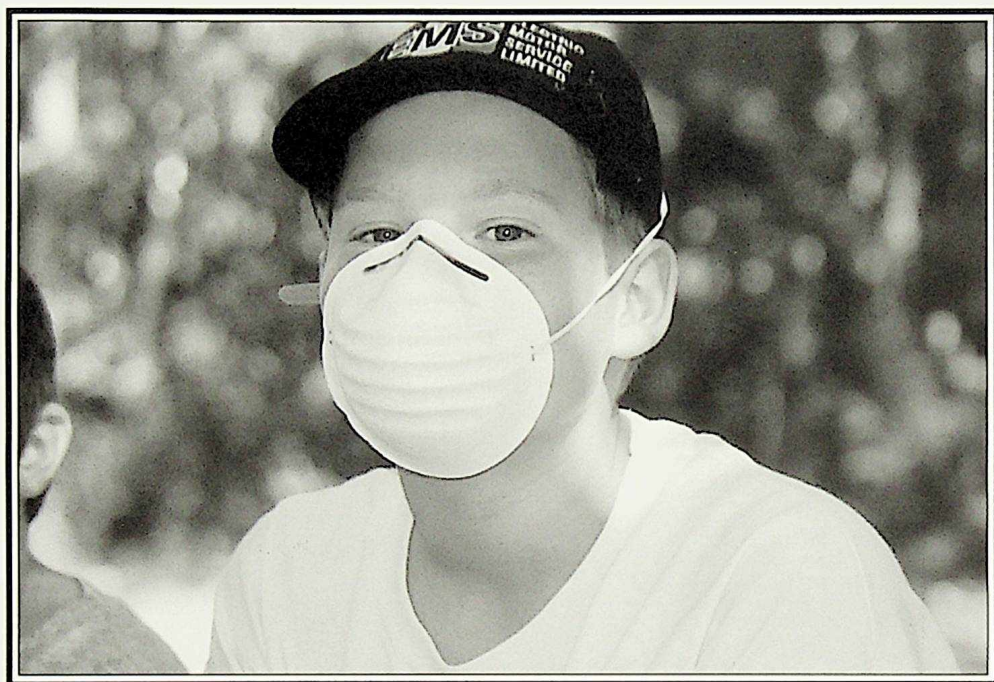

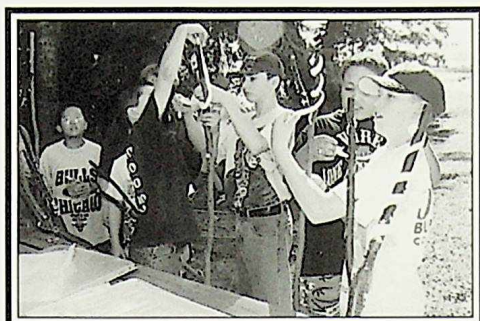

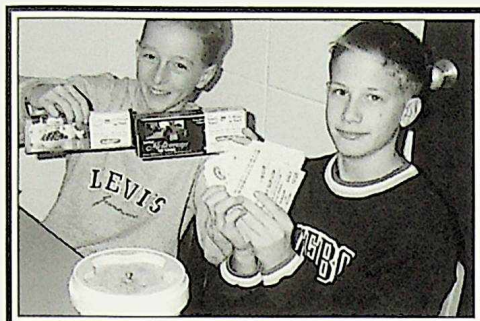

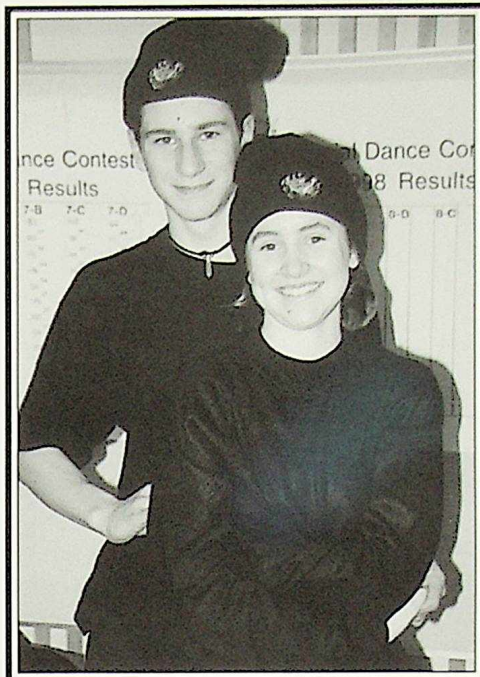

We may all meet again  
as we see September

but one thing's for sure,  
we will always remember

Ashley Andexser

During the 1997/98 school year at  
Londonderry.....

I was one of the \_\_\_\_\_-est people in  
the school. My favourite  
teacher was \_\_\_\_\_, and my  
best friend was \_\_\_\_\_. The **best**  
time of the year was when \_\_\_\_\_  
did \_\_\_\_\_. All in all,  
\_\_\_\_\_ was the funniest person  
I've met this year, and I think that  
\_\_\_\_\_ will do the best next year.

Now, that I have completed grade \_\_, I will go to grade \_\_.  
Then, I will show \_\_\_\_\_ that I can handle the next  
grade. I will be going to \_\_\_\_\_ school next year,  
and I hopefully will \_\_\_\_\_ it. I think that this school is  
\_\_\_\_\_, and I hope that it \_\_\_\_\_.  
My regards go to Mr(s). \_\_\_\_\_.

My name is \_\_\_\_\_, and I was in grade \_ this 1997  
- 1998 school year, and I \_\_\_\_\_-ed it!!

*"The greatness of pride is not found in  
possessions, power, position, or prestige.  
It is discovered in goodness, humility,  
service and character.*

*This is the pride Londonderry students  
and staff carry with them  
day in and day out."*
